

FIGHTING

FOR YOUR MANHOOD

You Are In A Fight.

God Has called you to be his man...

You will be required to fight for your manhood in this present world. Victory does not occur by accident, but by developing all of the potential God has designed you with. This 8-lesson DVD/curriculum program helps men discover the potential God has given them. Exercising yourself to win life's battle begins by utilizing the complex set of strengths God has given you, seeking God's guidance daily and fulfilling His call for your life. People around you need you to be a man of positive influence as God is reflected in your choice of actions.

8... 9... 10... Knockout!

Your manhood assignment will be successfully completed with the help of Robert Amaya and T.C. Stallings (Javier and T.J. from the hit movie *Courageous*). These Godly men share with us what it means to be a man after God's own heart.

This 8-lesson DVD/curriculum program teaches what a Biblical manhood journey looks like, and encourages men to develop lifelong relationships with a group of men. Change is difficult to maintain alone, and life's challenges demand that each of us create our own manhood team. *Fighting For Your Manhood* helps men understand themselves as God sees them and prepares them to serve those around them. In this way, they will portray what is stated in Matthew 5:16:

"In the same way, let your light shine so others can see it. Then they will see the good things you do. And they will bring glory to your Father who is in heaven."

"As a personal trainer and pro football player, I understand what it means to set goals and suffer the pain of achieving them. Knights is an expert in understanding a man's biblical journey through life by leading with the Ultimate Man, Jesus Christ, to mirror a man's real life choices. I am proud to be a part of it."

- T.C. Stallings, Actor (*Courageous* and *War Room*)

"We were created by God to be social creatures—to engage one another. Knights provides the opportunity and the proper setting for men in order to build long-lasting relationships that provide accountability."

- Robert Amaya, Actor (*Courageous*)

Includes 8 DVD Lessons
