

# THE GENESIS OF MANHOOD

Fulfilling Your Potential Through God's Strength and Guidance

The Genesis of Manhood reminds us of God's original plan. God designed us to communicate and have relationships with him and others. Unfortunately when sin entered into the world by a man's choice, the idyllic environment quickly crumbled. Lies became prevalent, and God's truth and standards were exchanged for male ease and compromise. Life seems harsh now, our relationship with God further away, and the concept of having good relationships challenging. Life went negative, and sin's devastating consequence was catastrophic.

God has not given up on us, and He desires to restore each of us to a miraculous state. Manhood is indeed a noble thing. Fulfilling our potential through God's strength and guidance is very different from the unfulfilling path others experience in the world around us.
