

How Do I Get Business Sponsors?

1. Calculate the average cost of snacks and drinks per meeting.
2. Ask local businesses to sponsor a meeting for the calculated amount. (Let the businesses know that a sign will be put at the snack table stating who the sponsor is for that meeting.)
3. Ask members/groups in your church to sponsor a meeting.
4. Have group members sign up to bring snacks each week if they are willing and able to do so.
5. If sponsors don't step forward and members cannot provide weekly snacks, that's okay—**stay within your means**. Refreshments are not essential for a successful meeting.
