

Knights of the 21st Century: **Oracle**

Movie Clip List:

Men, welcome to Year 3 of Knights of the 21st Century. This year is Oracle “Wisdom of the Knight.” We have again put together a fantastic list of movies and time-stamps for you to consider incorporating into your weekly gathering. Similar to years past, you have the option to secure these movies, and insert the suggested clip as an added visual reinforcement for the men.

This year, look for a new feature on our DVDs regarding the movie clips. Notice that when you play each trail, you now have the option to play the Trail straight through (no breaks.) Choosing this option means you’ve decided not to show the men the movie clips that week, and rather you’ll just listen to Keith describe to movie and connect its message with that week’s Trail. The second play option is set up with chapter breaks so you’ll know exactly where the movie clips belong, and where to pick the trail back up. Each week, decide before playing which play mode you desire. We hope that as we continue to improve, and implement these features as a result of your feedback and suggestions, you are finding it easier to create this experience for your men.

Thank you,

Knights of the 21st Century
